

## Design Specification Sheet

Complete and sign with client or authorized agent

Each Igneous tub is handcrafted by an artist working with and cajoling the concrete, which will result in slight variance of each final creation. This design specification sheet is an outline that will guide our artists to craft the concrete in the direction of your requests as variance will occur. We do not guarantee anything other than if you specify either extreme, we will achieve at least 75% coverage meeting your request. The variance will be determined by the material and artist's expert recommendation for the best quality work. These variances may not be rejected for a refund.

Color      Black              Dark Grey              Light Grey              (circle one)

For custom colors, please specify the dark shade and the light shade desired with their corresponding Sherwin Williams or equivalent color palette numbers.

Tone      Darker              0 - 1 - 2 - 3 - 4 - 5 - 6 - 7 - 8 - 9 - 10              Lighter

Place an 'x' on the line to indicate preference. For a two color request, an 'x' placed next to 'Lighter' would indicate a desire for 75% of the tub to reflect the lighter color.

Texture      Leathered      0 - 1 - 2 - 3 - 4 - 5 - 6 - 7 - 8 - 9 - 10              Flat

Place an 'x' on the line to indicate preference of finished texture. An 'x' placed next to 'Flat' would indicate a desire for 75% of the tub to be completely flat/smooth.

Finish      Gloss              0 - 1 - 2 - 3 - 4 - 5 - 6 - 7 - 8 - 9 - 10              Matte

Place an 'x' on the line to indicate preference of finish. An 'x' placed next to 'Matte' would indicate a desire for 75% of the tub to have a matte finish.

Heat      Non heated              120v              240v              (circle one)

I have read and understand the policies written above.
